Dave and Deb,

Please see the following from Ramona regarding the Pavillion Phase V data.

This is consistent with the discussion we just had and the direction we discussed.

Please have your staff revise the report as indicated, to encompass a summary data table with meta-data.

Let me know if you have any questions.

Thanks,  
Cindy

Please advise the Ada folks that we will be revising the Phase V Pavilion Report to be a summary of the data with meta-data to include: sampling and field methods, QA, sampling locations, sampling dates and times, etc. It will incorporate the essentials and will support the existing Pavilion Report.

Hi Bob,

Jim and I connected out here in Denver and we both agreed to make sure that the co-authors of the report in both Region 8 and Ada are clear on the direction.

Thanks and have fun,  
Ramona
